TSX Group is aiming to attract more companies with major Chinese assets, such as Vancouver-based Spur Ventures Inc., as it competes with other international stock exchanges for Chinese listings.

多伦多证交所正在国际上的其他证交所竞相吸引更多中国相关的公司上市。

Spur Ventures, a phosphate mining company that recently graduated to the Toronto Stock Exchange from the second-tier TSX Venture, is one of about 80 so-called China-based listings currently trading on TSX's two stock exchanges. Those listings include companies that are either headquartered in China or, like Spur, have significant operations there.

Spur Ventures 是一家磷化工公司，最近刚从创业版升级到多伦多证交所主版。目前，多伦多证交所有 80 家所谓中国概念股。这些公司都象 **Spur Ventures** 一样，要么总部设在中国或在中国有重大的经营投资。

TSX's reputation for attracting mining investors was a major reason Spur Ventures decided to go public on TSX Venture several years ago.

多伦多证交所的名望是 **Spur Ventures** 几年前决定在多伦多证交所创业版上市的主要原因。

"Venture is big for mining companies, so it was a good place for us," Spur's chief financial officer Michael Chen said, noting the company upgraded to Toronto's senior equity exchange in August.

“创业版对矿业公司融资非常有优势，” **Spur Ventures** 的首席财务官 **Michael Chen** 说，并提到八月份该公司刚从创业版升级到多伦多证交所主版。

Unlike most TSX-listed mining companies, Spur is not involved in the mining or exploration of minerals. Rather it mines phosphate deposits and operates a fertilizer project in China's Hubei province.

与大多数多伦多证交所的矿业公司不一样，**Spur Ventures** 现在不做探矿。该公司在中国的湖北省开采磷矿并生产复合肥。

The bulk of the company's operations are in China, where 250 of its employees are based. But Chen said it also initially made sense for Spur to trade on a Canadian exchange since it is a Canadian company with a head office in Vancouver.

该公司的主要经营活动都在中国，目前有 250 个员工。但陈先生说 **Spur** 在多伦多证交所上市是很自然的，因为其总部设在温哥华。

The Toronto Stock Exchange and TSX Venture aren't usually the first options for Chinese companies looking to go public, Chen said. "Many Chinese companies' first choice is to go to the U.S. If they cannot meet the requirements, I think they try to come to Canada with the hope that they can someday be listed on U.S.," he said.

多伦多证交所及创业版一般不是中国公司海外上市的首选，陈先生说，许多中国公司海外上市的第一选择会是美国。如果他们达不到美国上市的标准，他们会来加拿大上市，同时希望有朝一日能也到美国上市。
